EXTRACURRICULAR ACTIVITIES

Founder and Representative

Live+Play La Salle Bajío Student Group. | January 2022 - Present

- Representing the group before the University.
- Planning tournaments, events, and activities for the entire student community.
- Recruiting students to be part of the Live+Play Community.
- Actively contributing to the organization and execution of video game tournaments, overseeing events that involved around 20 to 150 participants.

La Salle Ambassador

XX LaSalle Preparatory Sports Games | March 13 2023 - March 19 2023

- As an ambassador, I had the privilege of supporting La Salle México by coordinating its 140 students who participated in all scheduled sports events.
- I assisted my La Salle México delegation in arriving promptly for their scheduled games.
- I maintained active communication with the coaches and officials from La Salle México to ensure they had a positive experience in the Bajío region.
- I conducted tours, provided information, and addressed questions from La Salle México students to help them become acquainted with La Salle University Bajío and gain a better understanding of university life.

La Salle Experience

La Salle Experience in Software Engineering and Computer Systems. | September 27 2022 - September 28 2022

- As an assistant in La Salle Experience, I had the responsibility of representing my major at the stands.
- I took charge of informing students from various high schools about the major, explaining its significance, and answering questions from students interested in joining the program.
- I provided an overview of the major, describing its general nature and highlighting its key aspects.
- Additionally, I contributed by showcasing virtual reality to students, explaining how this technology is connected to the major.

ACADEMIC DATA

Universidad La Salle Bajío

Software Engineering and Computer Systems | 2019 - 2023

General Average: 8.9
